the former Yugoslavia

## AUTOPSY REPORT

KOZLUK GRAVE SITE

CASE NO: KK2 153BP

AUTOPSY DATE: 06.09.99  
MORTUARY: Visoko

### SUMMARY:

A single small portion of skull from the top of the head, with no soft tissue attached.

From anthropology examination, it was not possible to determine anything particular from the bone fragments in term of age or whether male or female.

The skull from which the bone came was clearly fractured but it was not possible to say whether this occurred before or after death.

From this examination it is not possible to determine the cause of death in this person.

### CAUSE OF DEATH:

It is my determination that the cause of death in case number **KK2 153BP** was:  
**Unascertained**

This formal report is based upon the autopsy report that I prepared at the time of my examination. Both reports truly and accurately reflect my findings.

Signed:.....*John Clark*.....
