AUTOPSY REPORT
KOZLUK GRAVE SITE

CASE NO: KK3 022BP

AUTOPSY DATE: 15.09.99
MORTUARY: Visoko

SUMMARY:

A single portion of bone, from the upper part of a left forearm.

From anthropology examination it was from an adult person i.e. over 17, but it was not possible to say whether male or female.

It was fractured in its middle third, but the lower part was missing and so it is not possible to say what caused the injury or whether it occurred before or after death.

There were no other findings and so from this examination, it is not possible to determine the cause of death in this person.

CAUSE OF DEATH:

It is my determination that the cause of death in case number **KK3 022BP** was:
Unascertained

This formal report is based upon the autopsy report that I prepared at the time of my examination. Both reports truly and accurately reflect my findings.
